Pandora

Pandora is free internet radio that can play your favorite songs. Just enter a track, artist, or genre, and it will pick the songs in that category. It's very useful if you want to just listen to music.

All you have to do is type in www.pandora.com. There is no need to setup or downloading. It's a very simple website.

It will take you to this page. Type any song you want. You can register for an account if you want.

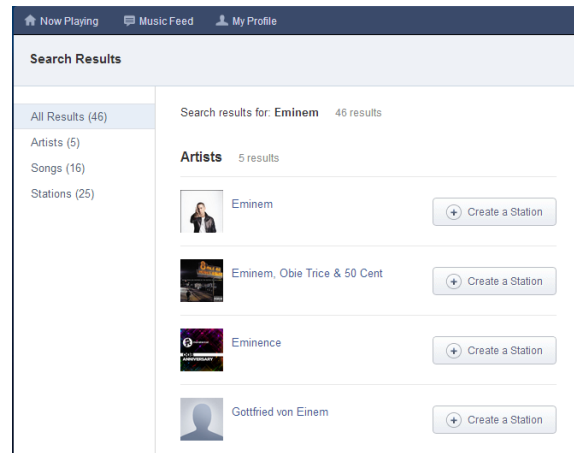

On the bottom of the home page, they give you samples of music genre stations. Also, they talk about how to have Pandora everywhere you go. Then, they tell you about the website.

Company	Music Genre Stations	Pandora Everywhere
